

DEHUMIDIFIERS

Desiccant Models

The DD122FW benefits from all of the good features of desiccant machines with its lightweight slim profile, low noise level, and high extraction rate. It was always a very popular machine and now it is improved and in more demand than ever before.

The Meaco DD8L is designed to compliment our award winning Meaco DD122FW in that it is a slightly larger capacity desiccant dehumidifier, so it has all of the features that make the DD122FW so popular, it is just a slightly larger capacity dehumidifier for larger spaces.

These units are perfect for cold stores as the air coming out of the units will be 10 to 12°C warmer than the air that goes in.

Technical Data	DD8L	DD122FW-MK4
HUMIDISTAT	Yes-Electronic	Yes-Electronic
MOISTURE REMOVAL AT 30° C, 80%RH Litre/day	8ltr per day	7ltr per day
CONTINUOUS DRAINAGE OPTION	Yes- Electronic	Yes- Hose included
COLOUR	White & Blue	White & Light Blue
OPERATING TEMPERATURE ° C	1 to 35	1 to 40
TIMER	Up to 8 hours	Off timer for up to 8hours
ELECTRONIC CONTROLS	Yes	Yes
AUTO RESTART	Yes	Yes
IONIZER	Yes	Yes
FILTER	Yes - anti-bacterial silver nano filter	Yes - anti-bacterial silver nano filter
NOISE LEVEL	39/43/48dBA- dependant on running mode	34 to 48dBA
POWER CONSUMPTION	30/330/650W - depending on running mode	19/390/620W
FAN SPEEDS	Variable via running modes	Variable via running modes
TIMER	On/Off	Off
TANK (LTR)	2	2
DIMENSIONS (H x W x D) mm	351x188x500	475 x 290 x 175
WEIGHT KG	6.4	6
